**DRINKING WATER SUBMISSION
CHAIN OF CUSTODY RECORD**

Maxxam Job #: _____

Company (Invoicing): _____

Company (Reporting): _____

Contact Name: _____

Mailing Address: _____

Phone #: _____

E-mail: _____

After Hours Contact #: _____

Regular Turnaround Time (TAT) (5 days for most tests) **RUSH** Please contact the lab
Surcharges will be applied

Project Name: _____ Date Required: _____

SPECIAL INSTRUCTIONS:
 Return Cooler Ship Sample Bottles (please specify)

**VANCOUVER ISLAND HEALTH
AUTHORITY**
Medical Health Officer: 1.800.204.6166
Drinking Water Officer: 250.755.6215

**Please note your invoice may be
subject to a \$75 minimum bill.**

Payment Received: Yes No

All information on this form must be completed before testing can commence.

If your drinking water source services two or more homes, we strongly recommend that you contact local health authorities to find out how the Drinking Water Protection Act applies to this system. Please be aware that, in this situation, we are legally obligated to report results directly to local health authorities.

Sample Collection

For determining drinking water quality, samples should be representative of the water that will be consumed; therefore, we suggest sampling at the kitchen tap. However, other sampling locations may be used to determine pre-treatment water quality or for troubleshooting purposes.

1. Remove aerator/screen from faucet.
2. Let the water run for 5 minutes.
3. Label the bottle with your name, date and time you are taking the sample.
4. Fill all bottle(s) provided. Take care not to touch the inside of the bottle or underside of cap.
5. Cap the sample and place it in fridge or small cooler with icepack.

Remember: It is important that you do not contaminate the sample as you handle the container. Wash your hands before you start and be careful not to touch the rim of the bottle or the inside of the cap.

DON'T:

- Don't rinse or boil any bottle you receive from the lab.
- Don't let the sample sit out overnight, please refrigerate.
- Don't freeze the sample.

Sample Transportation & Delivery

1. Samples should arrive at the laboratories (Courtenay or Victoria) within 24 hrs of sampling. Ship sample between Monday and Thursday to avoid lab scheduling conflicts.
2. The sample should be kept cool during transit (<8C - refrigerated or packed on ice).
3. Fill out the Chain of Custody (COC) form beside these instructions and submit with the sample. Incomplete or missing COC's will result in delays impacting turnaround time and the lab's ability to proceed with time sensitive tests.
4. Delivery Options:
 Personally deliver samples to Courtenay or Victoria
 Overnight shipping: If you ship a sample on the same day that it was collected you can use an overnight courier.
 Same day shipping: Available in some areas. Please contact the lab for details.
